

# ICE cycle 2009-08-14

## Summary

Bug fixing this week. Ye olde Framemaker from USQ's EPS had conversion problems to ICE, so Linda helped out there.

Ice service was being re-vamped this week in light of development with the Fascinator's need for conversion services.

**Predicted work units:** 10

## Overview of completed tasks

- Fix ppt/odp on ice service

#### Templates

- Toolbar and style testing

## Outstanding and new tasks

#### Application

- Bug fixing
- Ice conversion plugin

#### Templates

- ATOM pub storage of user blog details

## About the cycle notes

The cycle notes are used to summarize the outcomes of the completed cycle and provide stake-holders with an overview of the tasks for the next cycle. They are also used to raise any issues for discussion and provide other information for those who are unable to attend the meetings. Specific information on tasks to be completed are available in the ticketing system, see below.
